blooming rosé 3 l • 75⁰⁰

PALM rosé 1,5 l • 75⁰⁰

Our organic house wines come from Dominio de Punctum, located in La Mancha, Spain. The wine houses philosophy is making wine that stands out not only for the beauty of its aroma or delicacy on the palate, but for being natural and authentic and free of any chemicals. The wine house takes part of a farming philosophy that is aiming towards the future: we understand how to manage nature to deliver top quality grapes and wines while taking care of the environment, by improving it instead of spoiling it. The grapes are selected by hand, night harvested and cold macerated before fermenting.
